

# Stop Corrosion, Stop Flange Damage, Stop Debris In Your Piping Systems

# flangeRINGS™

flangeRINGS™ were created in the wake of the growing popularity and success of P3 flangeDOTS™. Made out of the same self-adhesive, blast proof material, the flangeRINGS™ have an open bore to allow blasting of interior while protecting the gasket seat surface. This allows you access to the interior of pipe spools and vessels during welding, fabrication, inspections and cleaning.

- VCI additive to prevent corrosion
